

Meath County Council Compulsory Purchase Order

(An Bord Pleanála Case reference: ABP-318629-23)

ORAL HEARING

N2 Slane Bypass and Public Realm Enhancement Scheme

Statement on the Compulsory Purchase Order

Brief of Evidence Michael Noonan

3rd April 2025

1. Qualifications and Experience

- 1.1 My name is Michael Noonan and I am a Transportation Sector Director in RPS Consulting Engineers. I am a Chartered Engineer and have 40 years' experience in the transportation field. I am the Project Manager for the RPS team, responsible for the design and development of the N2 Slane Bypass and Public Realm Enhancement Scheme, including the preparation of the proposed Compulsory Purchase Order.

2. Scope of Evidence

- 2.1 The scope of my evidence today is to briefly describe the overarching need and justification for the proposed scheme. I will then proceed to describe the acquisition of lands and address the submissions received by An Bord Pleanála in respect of the CPO application.

3. Community and Public Need for the Scheme

- 3.1 Slane is a charming, picturesque village in Co. Meath renowned for its rich and varied cultural and built architectural heritage. The village is situated to the north of the River Boyne and Blackwater SAC within the lower Boyne Valley which also contains the World Heritage Site at Bru na Bóinne.
- 3.2 Slane is constrained by the unique existing conditions within the village;
- a) It is the only location in Ireland where a full-time Stop/Go one-way system operates on a national primary road.
 - b) It is the only village in Ireland where the existing narrow roads and streets with very steep gradients cater for national primary road traffic including a high heavy goods vehicle (HGV) content, a significant proportion of which are large articulated vehicles with 4+ axles.
 - c) The N2 national primary road interacts with the N51 national secondary road at a busy constrained limited capacity junction in the heart of the village.
- 3.3 There is a long history of collisions associated with Slane and in 2002, extensive, but temporary, traffic management was installed. While collision numbers have thankfully reduced as a result, the risk for serious collisions remains high due to the high level of HGVs and the steep gradients, particularly approaching the bridge, posing an ever-present road safety risk, with pedestrians and cyclists being particularly vulnerable.
- 3.4 Slane frequently suffers traffic congestion and delay at the existing River Boyne bridge and at the N2/N51 junction in the heart of the village. The existing situation creates an adverse environment for vulnerable road users, both for cyclists and pedestrians.
- 3.5 Traffic dominates the public realm, limiting opportunities for the enhancement of the village and its character.
- 3.6 A bypass for Slane has been a long-standing objective of Meath County Council (MCC) who have campaigned for its construction for many years. The evidence presented by Wendy Bagnall, Senior Executive Planner, Meath County Council will demonstrate that the proposed scheme accords with national, regional and local policy and is consistent with the proper planning and sustainable development of the area.
- 3.7 Meath County Council have devised the proposed scheme to be consistent, as far as practicable, with Section 15 of the Climate Action and Low Carbon Development Act of 2015, as amended by the 2021 Climate Action and Low Carbon Development (Amendment) Act.
- 3.8 A full description of the need for the scheme is set out in Chapter 2 of the EIAR. A detailed description of the existing traffic in Slane and the surrounding area is contained in Chapter 7 of the EIAR.

4. No Preferable Alternative- Consideration of Options

- 4.1 EIAR Chapter 3 Consideration of Alternatives and Appendix 3.1 Options Selection Report describe in detail the wide range of options considered to meet the need for the scheme. Reasons for the previous refusal of the Board have been addressed as documented in the EIAR.
- 4.2 In consideration of the very sensitive nature of the environment around Slane, a wide range of Traffic Management Alternatives have been assessed. The effects of Traffic Management Alternatives were assessed across the entire NE region of Ireland to understand the full impact of these proposals.
- 4.3 The main conclusion of the assessments is that whilst some alternatives would reduce HGV traffic from Slane village, this benefit is out-weighted by other effects in that;
- a) Total traffic volumes in the village would remain high with congestion and delay remaining substantially unresolved.
 - b) The road safety risk in Slane is not fully resolved and the bottle-neck on the N2 route is retained.
 - c) Crucially, the diversion of HGV traffic transfers road safety risk to other parts of the road network, which are not suitable for such increase in risk.
- 4.4 Therefore, the traffic management alternatives do not achieve the required community and public benefit in Slane and would result in a serious public dis-benefit across the wider road network. The appropriate course of action is to implement substantial improvement to the sub-standard N2 national primary road and this can only be achieved with an N2 bypass solution.
- 4.5 A wide range of N2 bypass options are assessed as described in EIAR Chapter 3 and Appendix 3.1. As all N2 bypass options result in significant reductions in the traffic volumes in Slane, the primary consideration was to identify the bypass option which has least overall adverse environmental impact across the wide range of environmental sub-criteria. The proposed bypass emerged as the least adverse option for the following reasons;
- a) Of the eastern options, it is furthest away from and is well screened in views from the UNESCO Brú na Bóinne World Heritage Site.
 - b) The proposed River Boyne crossing location does not result in any direct impact on the qualifying interests of the River Blackwater and Boyne SAC/SPA.
 - c) It is less prominent in the environment in terms of landscape and visual impact.
 - d) It is relatively short in terms of its length and hence has less adverse impact on land acquisition and severance.
- 4.6 The preferred option is the bypass option which best meets the project objectives in terms of minimising harm to the environment, including less land acquisition, whilst also providing significant community and public benefit.
- 4.7 In the context of having identified the preferred N2 bypass, options to implement an east-west bypass were also assessed as described in EIAR Chapter 3 and Appendix 3.1. The objective of these options was to alleviate the residual east-west traffic movements in Slane.
- 4.8 Four east-west options were assessed against a Do Minimum consisting of the N2 bypass on its own. The conclusion of the analysis carried out is that the east-west bypass options would not achieve sufficient benefits to justify the provision of the additional road infrastructure, considering the negative impacts on the environment. The negative cost-benefit and the negative impacts on the environment rendered the east-west bypass options unfeasible.
- 4.9 The preferred option to emerge is to provide the north-south bypass and to include specific public realm and traffic management measures within Slane village to manage the residual east-west traffic passing through the village. The residual traffic is managed by enhancing the efficiency of this traffic movement through the village in a traffic calmed environment to reduce speeds. The proposed design provides for east-west traffic to pass through the village as straight ahead movements at reduced speeds. The effect is that traffic efficiency is maximised without compromising road safety.

- 4.10 In conclusion, alternatives to the proposed scheme that would have less or different land acquisition requirements have been fully assessed and are not preferable options to meet the community need, considering environmental effects.

5. Description of the Proposed Scheme to which the CPO Relates

- 5.1 The proposed scheme to which the CPO relates is fully described in the EIAR and NIS.
- 5.2 The proposed scheme provides a multi-modal transport solution to improve a wide range of transport needs within the study area. The proposed scheme removes N2 traffic from Slane and includes measures to enhance the living environment in the village whilst catering for the residual east-west traffic.
- 5.3 It is substantially different from the previous scheme. Key differences include;
- 5.4 **Improved bypass route and design**
- 5.4.1 The southern section of the proposed bypass is situated further west compared to the previous scheme and is circa 475m further away from the World Heritage Site at Knowth. The proposed River Boyne bridge is both further from and is substantially screened in views from Knowth.
- 5.4.2 The proposed River Boyne bridge avoids direct impact on the qualifying interests of the SAC.
- 5.4.3 The proposed bypass is aligned lower in the landscape to minimise visual impact and protected views within the study area. The proposed Boyne bridge is circa 5.5m lower than in the previous scheme.
- 5.5 **Inclusion of Public Realm Improvements in Slane**
- 5.5.1 The proposed scheme includes for public realm, active travel and traffic management provisions in Slane village. The scheme is not just a bypass but also provides wide ranging improvements to the environment in and around Slane village, made possible with the bypass in place.
- 5.6 **Upgrade of the N51 between the proposed bypass and Slane village**
- 5.6.1 Traffic calming measures are proposed within Slane village. Between the village and the bypass, the scheme includes measures for the designation of this section of road as an urban fringe transition zone with reduced speed limit, public lighting, footway and bespoke landscape treatment to alter the character of this section of road.
- 5.7 **Scheme wide Provisions for Active Travel**
- 5.7.1 The proposed scheme includes;
- a) a combined footway/cycle facility on the bypass;
 - b) a dedicated footway / cycleway link from the bypass to connect with the existing tow-path along the Boyne Canal;
 - c) active travel improvements in Slane village, and;
 - d) a proposed footway on the N51.
- 5.7.2 Combining the active travel measures creates the opportunity for walking and cycling loops between the village and the bypass.
- 5.7.3 The active travel measures enhance vulnerable road user activity within the village and also on a regional basis through future connectivity to the proposed River Boyne Greenway.
- 5.8 **Key Benefits**
- 5.8.1 The key benefits of the proposed scheme are:
- a) Enhancement of Slane as a viable, vibrant and attractive location for people to live, work and visit;
 - b) Provision of safer transport infrastructure in Slane and on the wider strategic road network;
 - c) Provision of enhanced active travel connectivity locally and regionally for the benefit of local residents and visitors alike;
 - d) Improved environmental quality in Slane village;

- e) Removal of the existing 'bottleneck' at Slane from the national road network, thereby improving the overall efficiency of the network for enhanced regional and rural connectivity;
- f) Support to the local economy by providing businesses with access to a reliable and connected transport network;
- g) Provision of improved facilities for reliable and safer road-based public transport; and
- h) Promotion of sustainable mobility.

6 Lands to be Acquired

- 6.8 I confirm that the acquisition of all lands to be permanently acquired as described in Part 1 of the CPO schedule is necessary for the construction, operation and maintenance of the scheme and is proportionate, taking into account the interference with landowner and occupier property rights and the public good to be achieved by the scheme which necessitates the acquisition of the lands in question. I further confirm that all lands to be temporarily acquired are necessary to facilitate the scheme construction and that such acquisition is also proportionate.
- 6.9 The total land area to be permanently required for the construction of the proposed scheme measures approximately 41.44 hectares (Ha). Most of the land to be acquired is from agricultural holdings (35.78 Ha), public road (3.94 Ha), house, building and/or house curtilage (1.30 Ha) and some small areas of laneway and accesses (0.41 Ha). Also included in the CPO is for the acquisition of 1.94 Ha of the bed of the River Boyne and for the acquisition of airspace above the Boyne Navigation Channel and towpath (0.51 Ha).
- 6.10 There are three occupied private dwellings, a derelict gatehouse, unoccupied agricultural buildings with an uninhabited dwelling proposed to be acquired.
- 6.11 In total, 27 separate property/land holdings are permanently affected by the proposed development, excluding acquisition of part of public road.
- 6.12 Access to retained lands impacted by the scheme will be maintained at all times through the following measures;
- a) Alternative direct accesses/field accesses are provided where existing access is to be removed or where land is severed from an existing access;
 - b) Existing access lanes will be retained for landowner's use until the alternative accesses have been constructed;
 - c) 2 no. overbridges are provided across the proposed mainline to maintain access to severed agricultural lands. Temporary access across the construction site will be provided until the overbridges are completed and ready for use by the affected landowners; and
 - d) Accesses to private properties will be maintained. Where modification/ removal of a direct access is required, a new access will be provided to a similar standard. Access, during both construction and operation of the scheme, will be provided to all retained lands/premises whose road frontage is being acquired.
- 6.13 The lands proposed to be temporarily acquired are the lands to be occupied during the construction of the proposed scheme which are not required permanently. These lands will revert to the existing landowner at the end of the construction period or sooner if they have been acquired to construct alternative accesses. The temporarily acquired lands facilitate construction of landowner accesses, provide working space, provide lands for temporary site compounds / stockpile areas, facilitate utility diversions/stream clearing and facilitate construction stage accesses.
- 6.14 Where it is necessary to sever utility connections to properties, e.g. power, water, telecoms etc., the existing connections will be maintained until an alternative connection has been provided. Where agricultural lands are severed from other retained lands of the landowner, ducts will be provided crossing the road alignment and associated earthworks, to allow the landowners to maintain connection of services.
- 6.15 Suitable boundary treatment will be provided where required for properties / landholdings impacted by the scheme. The proposed mainline boundary will generally be fenced with Mammal

Resistant Fencing for Timber Post and Tension Mesh Fence as per TII detail CC-SCD-00324. Where existing boundary walls or gates at private properties are impacted, replacement walls and gates will be provided to a similar standard.

- 6.16 Where existing trees and vegetation is being removed along existing land boundaries, the scheme provides for replacement planting along proposed boundaries to compensate for the loss of screening and visual amenity.
- 6.17 Landowners have been consulted on an ongoing basis throughout the development of the scheme and the proposed measures to facilitate affected landowners have been incorporated into the scheme.

7 CPO Submissions to An Bord Pleanála

- 7.1 There are 14 submissions from the total of 50 landowners who are subject to the permanent CPO, together with 3 submissions from individuals who are not subject to the CPO. Meath County Council have considered the submissions and provided a response to An Bord Pleanála on 2nd April 2024.
- 7.2 As of the time of preparing this brief, 7 of the 14 submissions have been formally withdrawn by notification to the Board.
- 7.3 The proposed CPO is not surplus to the scheme requirements as the proposed land acquisition does not exceed what is necessary for the delivery of this scheme. The land acquisition is a proportionate response to the public need and common good on the one hand and seeking to limit the acquisition of land from the landowners on the other and at the same time seeking to protect the environment.
- 7.4 Justification of the reasons why the lands are required has been provided in the response to each submission made to the Board. The response also includes reference to the relevant sections of the EIAR describing the design plus a reference to the relevant scheme drawings where applicable.
- 7.5 The proposed scheme has been fully assessed in the EIAR and NIS, together with the response of 16th December 2024 to the further information request from An Bord Pleanála, dated 8th October 2024. The application process has included the opportunity for public participation. The application for development consent and the application for the CPO of lands and property must be considered together as the consent of both is necessary for the scheme to proceed. In reaching a decision, the Board will complete the EIA and Appropriate Assessment for the scheme at the same time as considering the CPO herein having regard to the EIAR and the NIS, the CPO application, the submissions and observations received from members of the public, the inspector's report into this CPO hearing and the full suite of materials issued as part of the statutory process.
- 7.6 I have described the need for the proposed scheme and the benefits to be gained from its delivery. I have provided a description of the analyses carried out in the consideration of alternatives. The proposed scheme has emerged as the best option to address existing problems in Slane and on the N2. It has been demonstrated that the proposed scheme is a proportionate response to the public need and common good where the benefits justify the negative effects.
- 7.7 Meath County Council has engaged in a comprehensive consultation process as detailed in EIAR Chapter 6 Consultation, including numerous public consultation events held at the Conyngham Arms Hotel in Slane.

8. CPO Schedule Amendments

- 8.1 Meath County Council propose adjustments to the CPO Schedule Part I – Lands to be Compulsory Acquired and to Schedule II – Lands Proposed to be Temporarily Acquired. The amended schedules are appended to this brief.

- 8.2 The proposed amendments to CPO Schedule Part I – Lands to be Compulsory Acquired comprise;
- a) Plots 105a.1 and 105b.1 – amendment of Owner or reputed owner to Patricia Julia Crinion, Johnstown House, Beauparc, Navan, County Meath.
 - b) Plots 113a.1 and 113b.1 - amendment of Owner or reputed owner to Legal Reps of Joseph Coen, Fennor, Slane, County Meath. Inclusion of Helena Coen, Fennor, Slane, County Meath as an occupier.
 - c) Plot 113c.1 - amendment of Owner or reputed owner to Legal Reps of Joseph Coen, Fennor, Slane, County Meath.
 - d) Plot 121a.1 – Inclusion of John Kealy, Janeville, Slane, County Meath as a Lessee or reputed lessee.
 - e) Plots 122a.1 and 122b.1 - Inclusion of John Kealy, Janeville, Slane, County Meath as a Lessee or reputed lessee.
- 8.3 The proposed amendments to CPO Schedule Part II – Lands Proposed to be Temporarily Acquired comprise;
- a) Plot 100b.2 – Inclusion of Mark Laird, Dawn View, Johnstown, Slane, County Meath as Owner or reputed owner and deletion of Owner as occupier. Inclusion of Patrick John Nangle, Fennor, Slane, County Meath as a Lessee or reputed lessee.
 - b) Plot 101a.2 - Inclusion of Mark Laird, Dawn View, Johnstown, Slane, County Meath as Owner or reputed owner. Deletion of Mark Laird, Dawn View, Johnstown, Slane, County Meath as Occupier and amendment to Owners as Occupier.
 - c) Plot 103a.2 – Inclusion of Patrick John Nangle, Fennor, Slane, County Meath as a Lessee or reputed lessee.
 - d) Plot 122a.2 - Inclusion of John Kealy, Janeville, Slane, County Meath as a Lessee or reputed lessee.

9. Conclusion

- 9.1 The extent of the lands and property proposed to be acquired for the proposed scheme has been carefully assessed and kept to the minimum necessary for the construction, operation and maintenance of the proposed scheme. The proposed land acquisition does not exceed what is necessary for the delivery of this project and the land acquisition is a proportionate response to the public need and common good on the one hand and seeking to limit the acquisition of land from the landowners on the other and at the same time seeking to protect the environment. The proposed land acquisition is therefore proportional and justified.

Appendix A – CPO Schedule with Modifications

MEATH COUNTY COUNCIL

**N2 SLANE BYPASS AND
PUBLIC REALM ENHANCEMENT SCHEME**

Compulsory Purchase (No. 1) Order, 2023

WITH MODIFICATIONS

FORM OF COMPULSORY PURCHASE ORDER UNDER SECTION 76 OF, AND THE THIRD SCHEDULE TO THE HOUSING ACT, 1966, AS EXTENDED BY SECTION 10 OF THE LOCAL GOVERNMENT (NO. 2) ACT, 1960 (SUBSTITUTED BY SECTION 86 OF THE HOUSING ACT, 1966) AND AMENDED AND EXTENDED BY THE PLANNING AND DEVELOPMENT ACTS, 2000 - 2022

THE LOCAL GOVERNMENT (No. 2) ACT, 1960, THE ROAD ACTS, 1993 - 2023

LOCAL GOVERNMENT ACTS 1925 - 2022 INCLUDING SECTIONS 11 AND 184 OF THE LOCAL GOVERNMENT ACT, 2001 AND HOUSING ACTS 1966 – 2021 AND

THE PLANNING AND DEVELOPMENT ACTS, 2000 - 2022 INCLUDING PART XIV SECTION 213 OF THE PLANNING AND DEVELOPMENT ACT, 2000

Meath County Council Compulsory Purchase (No. 1) Order, 2023 N2 SLANE BYPASS AND PUBLIC REALM ENHANCEMENT SCHEME

WHEREAS in pursuance of the provisions of Section 76 of, and the Third Schedule to, the Housing Act 1966 as extended by Section 10 of the Local Government (No. 2) Act, 1960, (as substituted by Section 86 of the Housing Act, 1966 as amended by Section 6 and the Second Schedule to the Roads Act, 1993 - 2023 and amended and extended by the Planning and Development Acts, 2000 - 2022), Meath County Council (hereinafter referred to as “the Local Authority”) has decided to effect the acquisition of the land to which this Order relates under the Housing Act, 1966 (as amended) for the purposes of the N2 Slane Bypass and Public Realm Enhancement Scheme which comprises the following:

- Approximately 3.5 km of mainline N2 bypass Type 2 dual carriageway;
- Approximately 1.4 km of realigned N51 National Road;
- 1 major bridge crossing of the River Boyne and River Blackwater SAC, approximately 258 m long;
- 3 at-grade roundabouts at N2 South, N51 and N2 North;
- Reconfiguration of The Square junction in Slane, including removal of traffic light control;
- Public Realm improvement and traffic management measures in Slane Village Architectural Conservation Area (ACA), including the relocation of a cast-iron hydrant (Protected Structure 90662) and pavement works on Slane Bridge (Protected Structure 90684);
- Provision of a car park on the N51 east of The Square junction, to include new openings in rubble stone wall (Protected Structure 90697) for car park entrance and replacement field access;
- Provision of pedestrian / cyclist link to car park, to include new opening in rubble stone wall (Protected Structure 90698) for access from existing N2 south of The Square junction;
- Approximately 2.7 km of accommodation works and maintenance access tracks;

N2 SLANE BYPASS AND PUBLIC REALM ENHANCEMENT SCHEME

- 1 new road overbridge to allow the proposed N2 to pass under Rossnaree Road (L16002);
 - 2 farm accommodation overbridges;
 - 3 No. new culverts on the Mattock (Mooretown) Stream and removal of existing culvert under existing N2;
 - Provision of shared footway/cycleway facilities, including a pedestrian/cyclist bridge to the existing Boyne Canal towpath;
 - The acquisition of 3 private dwellings and demolition of 2 of these;
 - The acquisition and demolition of a derelict gate lodge and agricultural buildings including uninhabited former dwelling;
 - Utility diversions;
 - Drainage system, including attenuated outfalls; and
 - Landscaping and environmental mitigation measures;
- together with all ancillary and consequential Scheme works.

The N2 Slane Bypass and Public Realm Enhancement Scheme will be constructed within the County Meath electoral divisions of (i) Painestown and (ii) Slane and passing through the townlands of (i) Johnstown, (ii) Slane, (iii) Cullen, (iv) Fennor, (v) Slanecastle Demesne and (vi) Cashel, all in the County of Meath.

NOW THEREFORE it is hereby ordered that:

- (1) Subject to the provisions of this Order, the Local Authority is hereby authorised:
- (a) to acquire compulsorily for the purposes of construction of the N2 Slane Bypass and Public Realm Enhancement Scheme, the lands described in Part I of the Schedule hereto and shown on drawings numbered **DM0000 to DM0003** and affixed with the seal of the Local Authority and deposited at the offices of the Local Authority (hereinafter referred to in conjunction with the Drawings specified in sub clauses (b), (c), (d) and (e) hereof as The Deposited Maps).
 - (b) to acquire temporarily the lands described in Part II of the Schedule hereto and shown on drawings numbered **DM0000 to DM0003** of The Deposited Maps for the duration of the aforesaid construction works (including the defects period).
 - (c) to extinguish the public Rights of Way described in Part III of the Schedule hereto and shown on drawings numbered **DM0000 to DM0003** of The Deposited Maps by Order made after the acquisition of the land, where the said Rights of Way are over the land so acquired or any part thereof, or over land adjacent to or associated with the land so acquired or any part thereof.
 - (d) to extinguish the private Rights of Way described in Part IV of the Schedule hereto and shown on drawings numbered **DM0000 to DM0003** of The Deposited Maps by Order made after the acquisition of the land, where the said Rights of Way are

over the land so acquired or any part thereof, or over land adjacent to or associated with the land so acquired or any part thereof.

(e) to acquire the easements as described in Part V of the Schedule hereto on drawings numbered **DM0000 to DM0003** of The Deposited Maps.

(2) The land described in Part I and Part II of the Schedule hereto and coloured grey on drawings numbered **DM0000 to DM0003** of The Deposited Maps are lands other than land consisting of a house or houses unfit for human habitation and not capable of being rendered fit for human habitation at reasonable expense.

(3) Subject to any necessary adaptations, the provisions of:

(a) the Lands Clauses Acts (except Sections 127 to 132 of the Lands Clauses Consolidation Act, 1845, and Article 20 of the Second Schedule to the Housing of the Working Classes Act, 1890), and

(b) the Acquisition of Land (Assessment of Compensation) Act, 1919, as amended by the Acquisition of Land (Reference Committee) Act, 1925, the Property Values (Arbitrations and Appeals) Act, 1960, and the Local Government (Planning and Development) Act, 1963 (as applied by Section 265(3) of the Planning and Development Acts, 2000), and the Planning and Development Acts 2000 – 2022.

as modified by the Third Schedule to the Housing Act, 1966 are hereby incorporated in this Order and the provisions of those Acts shall apply accordingly.

(4) This Order may be cited as the:

Meath County Council Compulsory Purchase (No.1) Order, 2023
N2 SLANE BYPASS AND PUBLIC REALM ENHANCEMENT SCHEME

SCHEDULE

PART I- Lands Proposed to be Compulsorily Acquired

Land other than land consisting of a house or houses unfit for human habitation and not capable of being rendered fit for human habitation at reasonable expense.
